

# Time, Temperature & Retained Heat Chart for Chambers Oven ("C" Models)

COOK WITH THE GAS TURNED OFF®

**USE ANY CHAMBER SIGHT.** If food is not quickly heated on the chart, select a smaller load and follow the chart and temperature given.

**COOK BY STEADY OVEN HEAT CONTROL IF YOU WISH.** Your Chambers Range will cook beautifully with the gas turned "off" too.

**TO LIGHT THE OVEN,** set the Oven Heat Control (thermostat) to the required temperature. Turn the gas to "PULL," and hold down. Always leave the Oven gas turned on "PULL," your flame will adjust quickly. Hold down "PULL" until the required temperature is shown on the "C" Model Chambers Range. Hold down "PULL" until the "C" Model Chambers Range is ready to cook.

**TO REAK IN OVEN,** place meat into preheated Oven and leave unattended 10 to 20 minutes, or until meat begins to brown, add ½ cup liquid or sauce or sauce (sauce can be poured directly into the oven). Cover with top, and hold down "PULL" until the required temperature is shown on the "C" Model Chambers Range. Hold down "PULL" until the "C" Model Chambers Range is ready to cook. Hold down "PULL" until the "C" Model Chambers Range is ready to cook. Hold down "PULL" until the "C" Model Chambers Range is ready to cook.
